

Enjoying the Community

Notes from meeting held on
27th July 2010

Open event.

Our next open event will be held on the 25th August in the Kennet Room at the Civic Offices from 10.00-12.30. We will be looking at what is going on in the community for people with learning disabilities.

The people involved the Zap magazine project and Step Up will be coming along to tell people what they are doing and they will be launching a consultation to find out what community services and activities people access, what they like to do and what they would like to see available.

We will also invite other people such as Teach to Reach, New Directions, Leisure services and someone who knows about Self Directed Support to come along and tell us what is happening in Reading.

IAN (information, advice and networking)

The Information, Advice and Networking service will be moving to downstairs at the Hexagon in September. We will let everyone know as soon as possible the date that will happen.

Until September IAN will continue to be held every 2 weeks at Greyfriars church, Friar Street, Reading. For more information contact Hope Njoku at 01189 373742 or hope.njoku@reading.gov.uk

New members.

We need to invite new members to this group. Debra will invite people from the Arts, Self Directed Support, Leisure, College and Transport. We will also invite people from keeping safe and Community Workers from social services.

The next meetings will be held on the
